PENDANTS

A designer choice for stylish ambient and task lighting, pendants are equally stunning whether as a single statement piece, in pairs or in a cluster. They can double up as decorative, mood-setting pieces and functional light sources and can be used as feature lighting to enhance architectural details or to create a specific atmosphere.

Also available in large & in black

DOWNLIGHTS

Bring a sophisticated, modern look to your home with strategically placed downlights that provide practical illumination and create a welcoming ambience. Light up any space in your home with downlights that are fitted to the ceiling and provide glare-free light. For more flexibility and an architectural look, choose adjustable downlights that allow you to move the light frame to focus on different areas. Surface mounted downlights are ideal when you can't drill holes into the ceiling, as they're fixed on the surface of the ceiling.

TRACK LIGHTS

Strategically placed track lighting brings a sophisticated modern look while providing practical illumination. It also gives the homeowner flexibility to adjust the light distribution to match future style updates and lighting requirements. Consider installing track lighting to highlight features like artwork and architectural details or to throw light into specific areas of a room.

WALL LIGHTS

Wall lights are incredibly diverse in their form, function and application.

They can be used to highlight architectural elements, provide task lighting or make a style statement. Choose from an extensive range of designs, finishes and functionality to create a stylish yet practical space.

Install step lights along a hallway or staircase to create a visually interesting ambience while also providing illumination for safe passage in these high traffic areas.

BATHROOM

Your bathroom is your own private sanctuary where you start and finish your day.

Styling with the right lighting is key to making it a space where you can feel your best. Your bathroom lighting should follow the standard layered approach, i.e., ambient light for general illumination, task lighting for grooming and accent lighting for decorative highlights. With lights and more available in our bathroom range, you can create a practical yet stunning ambience where you can relax and rejuvenate.

Feeling comfortable and warm on a cold winters day doesn't have to be an issue with a wide variety of heating solutions based on the size of the room. Choosing from a range of modern and sleek options, the bathroom is transformed into a stylish space while meeting practical needs.

OUTDOOR LIGHTS

Transform the exterior spaces of your home with outdoor lighting that creates a welcoming ambience and adds a sense of security to your home. When planning your outdoor lighting, think about how you want to use your outdoor space and identify all the areas you'd like to illuminate.

Coastal | Areas up to 10km from the coast line & surf water are recommended to install 'marine grade' or coastal rated fittings. Light fittings not 'marine grade' or coastal rated installed within 10km from the coast line & surf water may have their warranty enquiries rejected.
