CORAL
HOMES

Laid-back living *meets contemporary design*

Welcome to a modern lodge – a relaxed, yet luxurious acreage home by Coral Homes. Choose serenity and live amongst wide open spaces, lush greenery and crisp, country air with a Coral Homes' acreage design.

A new take on rural living, these wider home designs are orientated towards outside living, creating your very own country retreat. The innovative floorplans are separated into three wings for privacy – a master bedroom retreat, kids space and central living hub. For ease and flow, acreage designs typically have wide hallways, a spacious layout and an abundance of natural light.

What makes a timeless acreage home is the way it seamlessly blends with the natural environment; soothing neutral colours, hardwood timber cladding and stone features. A mix of natural materials all work together in harmony to deliver a contemporary take on a traditional acreage home. Black accents on windows and door frames bring a modern twist to the lodge-style theme.

Throughout the interiors, splashes of greenery, natural colours, timber cladding and plush linen furnishings add to the acreage style, inviting the tranquility of the outdoors in.

Highlands – Everleigh Estate, Greenbank

Acreage Exteriors

Drawing its inspiration from elements of nature, our acreage designs with a 'Lodge Facade' showcase organic textures and tones, drawing a laid-back yet modern theme to the home.

Coral Homes' acreage designs explore contemporary features from both New Zealand's lodge-style homes and the modern American barn-house.

A mix of materials – including natural hardwood timber, stone, render and brick – create a timeless, natural look for the facade that sits within the landscape.

James Hardie Axon™ Cladding

Is the go-to option for Coral's contemporary acreage homes that feature on the *standard* 'Lodge Facade' and are crafted with the highest quality materials and finishes.

Photography depicts items such as homewares, furniture, landscaping, fencing and swimming pool and may include items that are upgraded or not supplied by Coral Homes.

Photography depicts items such as homewares, furniture, landscaping and fencing and may include items that are upgraded or not supplied by Coral Homes.

Acreage Interiors

Introducing Coral's latest trending home style – modern lodge. The thoughtful and unique interiors of this contemporary acreage home are layered, homely and stylish.

Blending elements of the outdoors within the interior style, an acreage home showcases natural textures and materials; an elegant and contemporary take on a traditional country design theme.

Hardie™ Groove Lining by James Hardie features in the media room and activity space, to add a textural element to the walls and custom cabinetry. Overall, the organic textures of the home compliment refined, paired-back styling for a contemporary country look.

Acreage *Kitchens*

Eucalyptus green tones in the kitchen cabinetry are contrasted with charcoal stone benchtops, black appliances and fixtures, and gunmetal fittings. To match, deep black is accented on the windows and door frames throughout the living space, next to soft oak built-in cabinetry that continues throughout the home. Plus, it wouldn't be a contemporary acreage home without the luxury of a butler's pantry.

For the ultimate farmhouse character, a small-format square tile splashback is arranged throughout. A modern version of a subway tile that adds texture and interest with its subtle colour variations.

The wide and expansive kitchen island (free of sinks) is a practical space that forms the heart of the home. For extra charm, a barn style window and modern floating oak shelving is included behind.

Highlands – Everleigh Estate, Greenbank

Photography depicts items such as homewares, furniture, fridge, landscaping and fencing and may include items that are upgraded or not supplied by Coral Homes.

Stylist's Tip:

Add a stacked stone feature fireplace in the main living space to bring in farmhouse character, compliment the home's exterior materials and ground the living space.

Acreage *Living*

Acreage living spaces feature a blend of materials – stacked natural stone, oak cabinetry, concrete-look tiles and elements of greenery. For the décor, plush linen lounges are decorated with neutral linen cushions in cream, bronze and terracotta. Accents of black frame the room and décor, bringing a contemporary feel to the space.

For a light and airy ambience, plenty of windows are added to welcome in the natural light and views that surround.

Acreage Bathrooms

A calming space to retreat, the bathrooms of an acreage home are equally modern and full of charm. Bathrooms use a base of classic neutrals, including light Caesarstone® benchtops, coastal oak cabinetry and dark tapware and handles.

For elegance, a subtle panel detail is added to the doors. These basics create a sense of class and luxury, while a checked statement floor tile adds to the traditional farmhouse allure.

Stylist's Tip:

A luxe freestanding bath completes the serenity, adjacent to glass windows that showcase a calming view of nature.

Highlands – Everleigh Estate, Greenbank

Photography depicts items such as homewares, furniture, landscaping and fencing and may include items that are upgraded or not supplied by Coral Homes.

Stylist's Tip:

Incorporate feature lighting above the bedside tables, such as pendants, for added luxury.

Acreage Bedrooms

An acreage bedroom is a sanctuary away from the hub of the home, typically opening onto a relaxing patio amongst nature's surrounds. Neutral carpet is paired with textured rugs, linen bedding, leather accents and soft, light-filtering curtains.

Acreage *Raked Ceilings*

Raked ceilings help to create space in the home and add to the contemporary feel. In an acreage home, a raked ceiling pairs perfectly with the inside-outside flow of the open-plan home design. Ultimately, allowing the hub of the home to feel spacious, relaxed, light and bright.

Highlands Series

A modern take on acreage living, the Highlands Series leads into two main wings from the hub of the home – first being the master retreat and on the opposite side is the kid’s bedrooms, study and activity space. Each member of the family has a private sanctuary to relax and unwind. With a large alfresco area and three main living spaces, the Highlands Series floorplans have an open-plan flow that brings the outside in.

Colorbond® Roof and Truecore® Steel Frame

NOW INCLUDED* for a limited time!

Build a strong and stable family home that stands the test of time with Colorbond® roofing and house frame made from Truecore® steel.

Benefits of steel frame

- ✓ Keeps the frame straight and strong
- ✓ 100% termite and borer proof
- ✓ Won't catch on fire, shrink, twist or warp over time
- ✓ Enhanced corrosion resistance
- ✓ Environmentally friendly
- ✓ Long-term value for money

Benefits of sheet roofing

- ✓ Resilient in tough weather
- ✓ Strong colour finish that's long-lasting and durable
- ✓ Termite and fire resistant
- ✓ 100% recyclable
- ✓ Energy efficient

*Colorbond® Roof & Truecore® Steel Frame now included with Acreage homes applies to all price list regions. Coral Homes reserves the right to substitute the steel house frame with termite treated timber to its absolute discretion where supply or installation is delayed. For homes located within close proximity of surf or exposed marine influences where a steel frame is not eligible for a 50-year warranty from Bluescope Steel – termite treated timber framing will be utilised. Colorbond® Roof & Truecore® Steel Frame inclusion is subject to change without notice. Photography depicts non-standard facade and items including feature stone and brick, porch tiling, render finish, pergola, paving, 2340mm entry door height, stained entry door frame, driveway, feature timber, window treatment, feature lighting and more which are not included in the price with Standard Inclusions. Other items such as homewares, furniture, landscaping and fencing are not supplied by Coral Homes.

Solar and three-phase power system

Interested in installing solar panels to maximise the efficiency of your acreage home? Coral Homes can assist with optimal solar orientation and the install of a three-phase power system.

Benefits of a three-phase solar system

- ✓ Extracts more power from the grid than regular single-phase solar systems
- ✓ More efficient when using heavy loads like air-conditioners, pools, heaters and electric car chargers
- ✓ Less chance of short-circuiting
- ✓ Reduces energy bills

Book a complimentary home siting and we'll advise on the best orientation of your home design to maximise sun exposure to your solar panels.

Home sewerage treatment plants and rainwater tanks

Coral Homes partners with Taylex Tanks and Kingspan, to manage your wastewater treatment and rainwater tanks at home.

Benefits of home sewage treatment plants (HSTP)

- ✓ Produce crystal clear water for irrigation
- ✓ Six-stage aerated wastewater treatment systems
- ✓ Choice of concrete and polymer wastewater treatment systems
- ✓ Taylex Tanks exceed the national standards

Benefits of rainwater tanks

- ✓ Inground or aboveground systems available
- ✓ Reduce water bills by using rainwater for flushing toilets, washing and gardening
- ✓ Lessens the strain on local waterways
- ✓ Save water when maintaining your acreage garden

Ask us for a **free** site inspection to help nominate the best location for your HSTP and rainwater tank. Coral Homes can also arrange a Wastewater Design to be completed by a certified professional to submit to Council for approval.

To find out more about our specialised acreage processes, contact your New Home Consultant today.

Why Coral Homes?

Our foundation is built on transparency, trust and exceptional customer service. Having built over 27,000 homes across three decades, our customers receive a fixed price guarantee, independent quality checks and so much more.

35 Years Experience

Providing a high level of quality, value for money, security and transparency, is why we are one of Australia's largest home builders today.

Fixed Price Guarantee

We understand the financial commitments around building a home and provide you with peace of mind by offering contracts with a Fixed Price Guarantee* upfront.

Independent Quality Inspections

We have a stringent seven step Quality Assurance process to ensure we build each and every home to a high quality. This process includes an independent quality inspection.

Award-Winning Home Builder

We're a proud two-time winner of the HIA Professional Major Builder Award, the industry's most prestigious award. We are also honoured to be named ProductReview winners for customer satisfaction for 2021, 2022 & 2024.

CORAL HOMES

*The fixed price guarantee is in respect to the cost of construction of your house and associated site works in accordance with the specifications of your contract. Coral Homes reserves the right to vary, terminate or suspend the operation of the Fixed Price Guarantee offer in its absolute discretion, without notice.
